About the
Ramblin' Reck Club

Be a part of preserving Tech traditions and promoting school spirit!

The Ramblin' Reck Club has been serving Georgia Tech since 1930 when it was founded to maintain school spirit and tradition. Today in 2012, we strive to keep the traditions of Georgia Tech alive for the future generations of students on our great campus. The greatest honor bestowed upon Reck Club is the privilege of caring for the one and only Ramblin' Reck, a 1930 Ford Model A Sports Coupe. We also serve our campus in a larger role through working relationships with the Georgia Tech Athletic Association, Alumni Association, and student body at-large. Reck Club strives to educate, facilitate, and preserve the traditions that our illustrious Institute are built upon. The club seeks members who could actively participate and enhance our ability to carry out these goals on our campus. In order to more easily to do this we have a wide variety of committees and executive positions listed and detailed below.
